

TV BROADCASTING

MR. BRADEN BOSS | BRADEN.BOSS@NEBO.EDU

This class focuses on building the SHS community and culture through the creative transmittal of information. You will learn basic technical skills for creating video-related media, but more importantly, you will gain important media-literacy skills. THIS IS A YEAR-LONG CLASS. It is expected that you remain enrolled in the class for the entire school year.

ATTENDANCE & PARTICIPATION

The following will reduce attendance and participation points: Unexcused absences, Tardies, Doing work for other classes, Sleeping, Social talking, Excessive/Inappropriate phone use. You are expected to be in class and participate every day.

BROADCASTS

We are responsible for producing the SHS Live Show every Tuesday and Friday. You'll have a staff position you're required to perform during every show. Additionally, you are required to broadcast one live event each term. You'll also produce content for the shows. These, combined with participation and attendance make up the bulk of your grade.

HOMEWORK

Most of the filmmaking process can be completed in class. However, **students are expected to do filming outside class**, including the live event broadcast. All important information can be found on Canvas.

CLASSROOM RULES

Respect Everyone: Everyone knows something you don't and is better at something than you are. We're all learning and the better we all get along, the more exciting our class will be.

Food & Drink: Consume all food and beverages outside the classroom.

Use of electronic devices: Use of these devices will be permitted at appropriate times. They will be taken away if being used during instruction time or when they become a problem.

CLASS MATERIALS

You are required to supply your own memory card - minimum 8GB Class 10 - and headphones. Neither of these will be provided in class. It's not required that you supply your own camera, although you may use iOS devices. Check with me for compatibility.

GRADING

As a student you should be active in your education. You are responsible for your own academic progress. The grade you deserve is the grade you earn. To be successful in this

course, you need only provide evidence of creative application of and profound insight towards the principles being discussed. **Those who go above and beyond what is required are those who receive "A" grades.**

50% - Projects/Assignments
30% - Live Productions
20% - Attendance & Participation

A = 94 - 100% A- = 90 - 93.9% B+ = 87 - 89.9% B = 84 - 86.9%
B- = 80 - 83.9% C+ = 77 - 79.9% C = 74 - 76.9% C- = 70 - 73.9%

LATE WORK & EXTRA CREDIT

We are primarily focused on learning. Because everyone learns in different ways and at a different pace, there is no penalty for turning a project in "late". Understand, however, that delaying a project will affect both its quality and your learning. Extra credit will be in the form of digital "challenge" badges and offered to those who have **everything turned in**.

COURSE AGREEMENT

By signing this you are saying that you have read and understand all the terms, rules, and policies stated.
